ABOUT ME

Dubai-Based Social Media & *Marketing Professional*

I'm Mohamed Niflan — a Social Media & Client Coordination professional from Sri Lanka, based in Dubai. Currently at Marrow (Red Marrow), one of Dubai's leading creative branding agencies, I manage 6+ brand accounts simultaneously across real estate, corporate gifting, manufacturing, FM services, and EdTech.

Over the past 1–2 years, I've helped brands consistently grow by 100–300+ followers per month through a mix of paid ads and organic strategy. My campaigns have generated 10K+ impressions per month for new clients and contributed to 5+ client closures through business development support.

During Ramadan, I led an engagement campaign for Carrot Gifts that drove significantly above-average interaction and brand visibility. I'm passionate about content that connects — and results that matter.
